

We Need Your Help!

A new project has come to us: a number of trees near the driveway came down during the past ice storms. In addition, a few limbs around the parking lot and a few more at the parsonage came down. Looks like we will need a trailer plus a chainsaw or two. Then of course there is the cleanup of brush....it all has to go somewhere!

I am suggesting meeting at church on May 7th at about 9:30. Plenty of time for some coffee to wake up with and I will bring some more coffee and donuts to church.

Should be more fun than work....if you think you might be able to participate, please leave a message with the church office.

See you there!

Larry Roth
