**Northwoods Airlifeline** is a non-profit 501(c)3 organization that receives no funding from the government or insurance companies and with out the generous support of the residents of the Upper Peninsula and businesses in our communities it would be absolutely impossible for Northwoods to provide the services they do to the residents of the U.P., as their annual operating budget is approximately \$200,000.00 per year and is seeing a great hit with the current economy, and higher fuel prices.

A 56 year old dialysis patient needs to be in Madison within 3 hours on a snowy winters night to receive a new kidney. A young boys appointment for leukemia treatments is an 8 hour drive away. A seven month old baby needs periodic examinations for her heart ailment in Minneapolis. A 33 year old woman injured in a motorcycle accident in Omaha is ready to come home but can't travel by car.

These are real life problems faced by people living in Michigan's beautiful but remote Upper Peninsula problems, which Northwoods Airlifeline was formed to address. Welcome to Northwoods Airlifeline, where volunteers working together perform miracles in the sky.

Check out the website at [www.northwoodsairlifeline.org](http://www.northwoodsairlifeline.org) to see some of the many people they have helped throughout the years. This organization has proudly been on 3,000 missions to date and still going strong to help the people of our community.

Please consider a monetary donation to Airlifeline by sending your donation to:

**NORTHWOODS AIRLIFELINE**  
P.O. Box 2973  
Kingsford, MI 49802-2973  
Phone: 1-800-311-1760

24-Hour answering service.

Non emergent calls will be handled during day-time hours, time sensitive calls will be handled as soon as possible.

Monday through Friday, including all holidays.

Please make your inquiries and request calls during these hours.

**Exceptions:** Organ transplant recipients requiring immediate flight (Northwoods Airlifeline

considers this an emergency); physical crisis requiring flight within the next 24 hours; scheduling or rescheduling of flight within the next 48 hours, call when necessary.

The above toll free number is an answering service generously donated by Range Communications of Marquette, MI. The operator will ask for your name, nature of the call, and what phone number you can be reached at. The operator will immediately forward your request to the flight coordinator, or the next available pilot. The response to your call is usually within 10 to 15 minutes. Please wait for the call. (In the unlikely event, that the above number is not available, please call The Dickinson County Sheriffs Department 906-774-6262). If you are in need of emergency service you can reach the Airlifeline Organization at 1-800-311-1760.

**Northwoods Airlifeline owns two aircraft, which are used solely for our missions.**

### Seneca III

Our twin engine plane is a 1983 Seneca III, certified for flight into icing conditions and fully equipped for instrument flights. This robust twin sports a high payload capacity and is speedier than most single engine airplanes. The patient compartment is comfortable and fairly roomy. An important benefit of the Seneca is easy access to the rear seats, a critical need for our less mobile passengers.

### Bonanza

Our single engine plane is a 1980 Bonanza A36. This beautiful plane is also certified for instrument flight, and has nearly as much capacity as the twin. Because it burns less fuel, the Bonanza has greater range than the Seneca. We have added anti-icing options to the plane, an important safety feature for aircraft operating around the Great Lakes.
